BARBADOS –  
DIVI HERITAGE

# BARBADOS

Located on the exclusive west coast of Barbados in St.

James Parish, the Divi Heritage Beach Resort is a small beach-front treasure nestled among the island's best restaurants, shopping, and premiere resorts.

Twenty-two suites with old-world architecture create an intimate yet unpretentious hideaway that hugs the Barbados shore. Quiet sandy coves are steps away and invite visitors to explore. Snorkeling conditions are excellent, and wandering sea turtles are much-loved guests! Snorkeling equipment is complimentary for Heritage guests.

Spacious one-bedroom and studio suites offer romantic arched doorways with oversized balconies and sweeping ocean and garden views. Each suite features cool tile floors, a king-sized bed and sleeper sofa, and fully equipped kitchen.

Oceanfront suites offer private Jacuzzi tubs overlooking the sea.

Intentionally quiet, the Divi Heritage welcomes adult guests only. A small award-winning staff greets guests like family, and defines Barbados hospitality.

The Divi Heritage is a favorite with self-catering guests, and does not operate a restaurant. Fresh

markets, casual cafes, and gourmet restaurants are moments from the resort. Guests of the Divi Heritage may share the amenities of the neighboring all-inclusive Almond Beach Resort, including restaurants, freshwater pools, and watersports. Day passes are available.
